KEY FEATURES

What makes this product powerful

- Onboarding Automation**
Digital offer letters, document collection, IT asset assignment, and induction tracking from day one.
- Attendance & Leave**
Biometric, app-based, and geo-fenced attendance with automated leave balance calculations and approvals.
- Payroll Processing**
Auto-calculate salary, PF, ESI, TDS, and bonuses. Generate payslips and bank transfer files in one click.
- Performance Reviews**
360-degree appraisal system with goal setting, self-evaluation, manager review, and ratings history.
- Travel & Reimbursement**
Employees submit travel claims with receipts. Managers approve. Finance settles — all digitally.
- Exit & Full & Final**
Manage resignations, notice periods, clearance checklists, and auto-compute full and final settlement amounts.
